HEADWAY ACCREDITATION

**We are proud to announce that 23
Duston Road has achieved the
Headway Approved Provider
Scheme.**

Headway has developed the Approved provider scheme, a system for use in care homes, respite units and transitional living establishments.

The aim of the project is to devise standards specific to the needs of its' client group and, with the use of an assessment tool, develop an inspection system for care homes, transitional living units and respite facilities.

This will ensure these units provide appropriate specialist care for brain injury survivors with complex physical and cognitive impairment. Each approved facility will be accredited by Headway as an Approved Provider for people with a brain injury.

COMMENTS FROM FAMILY OF SERVICE USERS

“Just one; brilliant”

“ I know that my sister's wellbeing is always thought of. The care I know is excellent. Her needs, I know, are difficult, but she gets wonderful care”

“ We both feel that he receives an excellent standard of care which is designed to enable him to make progress”

“They always make myself and my family welcome, they are kind, considerate and dedicated, without their dedication my brother would not be where he is now”
